

***The Greater Los Angeles/Orange County Chapter
Launches New Support and Outreach Programs!***

Join the Power of Two & Parent Network!

Volunteers from our support network, Power of Two, offer one-on-one in – person, telephone, or email support to all those facing IBD-related challenges and decisions. Become a Power of Two mentor or request to be matched to a mentor.

Be Part of our Hospital Visitation Program!

Do you or a loved one need a hospital visit from someone who overcame a similar circumstance related to IBD? If so, let us know! We will arrange for a volunteer to pay a visit.

CCFA Ambassador Program

Help us distribute CCFA educational brochures to GI offices. Tell us 2 weeks prior to your next GI visit, and we'll get materials to you. Help us spread important information about IBD.

For more information about these programs, please contact Chapter Education and Support Manager, Kerri Yoder, at 310-478-4523 or kyoder@ccfa.org.
