

Did you ever wish you could talk to other kids dealing with IBD just like you?

Introducing the Crohn's & Colitis Kids' Club!

Kids' Club gives you the chance to hang out with other kids tackling the same day to day issues you are, but more importantly to just have a good time. So take a look at our upcoming events and come join in the fun!

A Note to Parents

Learning your child has Crohn's or colitis can be a difficult and confusing time. You'll have lots of questions and so will your child. The Crohn's & Colitis Foundation of America (CCFA) can help! CCFA is a non-profit, volunteer driven organization dedicated to finding a cure for Crohn's disease and ulcerative colitis and has been helping families with these chronic diseases since 1967.

At each of the Kids' Club events, you'll have a chance to meet other parents experiencing the same things you are.

If your child has recently been diagnosed, plan to attend our quarterly Newly Diagnosed Patient meetings occurring the third Monday of September, December, March & June. Our Information Resource Center (IRC), accessible via 888.MY.GUT.PAIN and www.ccfa.org, provides accurate, current, disease-related information to the public, health care professionals, patients and their families.
